

# SEEDS FOR INTEGRATION

**CALL FOR APPLICATIONS**

#SEEDS4 INTEGRATION

 **DEADLINE** : **January 20<sup>th</sup> 2019**

## Seeds for Integration: Pillar II

Dear Member, Candidate and Affiliate Organisations, we are happy to announce that **“Seeds for Integration”** project has been extended until the end of 2019! Even though the main idea stays the same we have made some changes in order to support and strengthen the grass-root activism. **“Seeds for Integration”** project now consists of three pillars:

1. In the first part we are giving small (up to 1000 Euros) and large scale (up to 4000 Euros) grants to grass-root initiatives, school, local, regional students' councils and national school student unions.
2. **Within second pillar we are supporting national school student unions that are members of OBESSU with grants that can be up to 7500 Euros. More details about this pillar you can find if you continue reading this Call 😊**
3. In cooperation with European Students' Union (ESU) we are also financially helping initiatives and projects that are commonly implemented by secondary and university students' students.

The general objectives we are pursuing:

National school student unions that apply and get the grant within pillar II will be tasked to implement a so-called **Inclusion Work Package (IWP)** with the objective of disseminating the project on a national level and contributing to increase the quality of the applications.

### What are we asking you to do?

- **The IWP components are:**
  1. To organise at least one big or several smaller events for a total of 100 students **promoting** “Seeds for Integration” project.
  2. To empower students interested in applying for funding, by providing them with a **capacity building** training (organizing project incubator event) and assistance during the process.
  3. To make sure that all the documentation (promotional materials, Call for applications, Application form guideline, Application form) is **accessible** to

each student and that language barrier does not prevent interested students from applying. Additionally, you have the possibility to help the students by translating their project proposals from your native language to English.

### What can we offer you?

Each organisation will implement the IWP with an budget of maximum **7500 Euros** each. During the implementation you can count on the help of OBESSU secretariat and pool of trainers, if needed. This will not be a part of your budget – we have separate funds for this!

### Who can participate?

- Any OBESSU Member, Candidate or Affiliate Organisation which representative person, in charge of communicating with OBESSU, has at least medium level English language knowledge (level B1/B2).

### How can you apply?

- In order to apply you need to fill in the application form and submit it until January 20<sup>th</sup> 2019 11.59 PM CET. You can find the call at the project website: [www.seedsforintegration.org](http://www.seedsforintegration.org)

If you would like to have more information, you can contact Milos Stankovic, Programme Coordinator at [milos@obessu.org](mailto:milos@obessu.org) or surf in our project's website: [www.seedsforintegration.org](http://www.seedsforintegration.org)
